Recommendations from the Nursing Education Plan White Paper

"When I sought to address important statewide nursing issues, I turned to HealthImpact because of its demonstrated skills in effective leadership, diplomacy and arbitration. In a series of meetings located throughout seven California regions, HealthImpact assisted with bringing together nursing leaders and various stakeholders, many of whom had not worked together before on statewide issues. With HealthImpact's support and guidance, we were able to create a viable action plan that addressed our most pressing issues."

Commissioner, CA Future of Health Workforce Commission and
Sr VP / Chief Health Equity Officer, Cedars-Sinai*

HealthImpact, a 501(c)(3) organization, is devoted to improving the health of Californians by promoting a dynamic, well-prepared nursing workforce. In 2001, a group of nurse leaders across California saw the need for comprehensive planning in the field of nursing. They launched **HealthImpact**, formerly the California Institute for Nursing and Healthcare (CINHC), as a forum for cooperation and sharing best practices across the state. As health care undergoes major changes, nurses play an ever-increasing role in providing care and keeping the public healthy. **HealthImpact** brings together leaders in nursing, academia and policy to ensure that nursing stays ahead of the changes in our profession. We are a catalyst for innovation and promote the collaboration of partners from all areas in the field.

MISSION

To enhance the well-being of Californians through innovation, interprofessional leadership and nursing excellence

VISION

Transforming nursing to advance the health of Californians

VALUES

Authentic leaders committed to inclusivity, collaboration and stewardship
