CSA Newsletter

November/December 2011

Hello CSA supporters!

As you know, a dedicated CSA website has been in development for the past few months. You have been waiting long enough! **We are excited to announce the launch of the new [CSA website](#)!** Please visit www.californiasimulationalliance.org for a detailed description of the CSA, helpful links, where and how to become a subscriber, as well as dedicated pages for regional collaboratives, courses and programs, committees, and available scenarios. While we have been ceaselessly working on our website, we know that there are still a few kinks to work out, so we kindly ask for your patience on smoothing out any rough edges.

It is our hope that you will use the CSA website as a place to learn and connect with other nurses and administrators involved in simulation around the state. Please go to the website often and make yourself at home!

Furthermore, for the **CSA subscribers**, we offer you a home base for all the resources your subscription has to offer by providing a special login feature giving you exclusive access. These benefits include access to CSA scenarios, a dedicated job board (in progress) and more. Please note that we are just finishing up the login process. **You will be receiving an email this week with instructions and information on how to log in to the CSA website and access these tools.**

The email will go to the person whose email address is on the account. If you have an institutional membership, the email will go to the person who registered your institution.

We hope you find this new feature and website useful, comprehensive and fun.

If you have not become a CSA subscriber, [join us and register here today!](#)

The benefits of becoming a CSA subscriber now include **preferred pricing for CSA Training Courses**. The [2012 CSA Training Course Calendar](#) has been posted and registration is open to all. This calendar and registration links, as well as more information on how to utilize preferred pricing, are at the bottom of this email.

On behalf of the CSA, thank you for your continued support. We look forward to sharing this new phase in the development and maintenance of the CSA with all of you.

Sincerely,

KT Waxman DNP, MBA, RN, CNL
Program Director
kt@cinhc.org

Upcoming Courses

Don't miss out on these training courses!

Debriefing Workshop - *last chance in 2011!*

December 7 @ San Jose State University
Space still available!

Level 1 Training

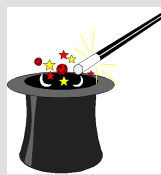

January 11-12 @ West Coast University,
North Hollywood

Debriefing Workshop

February 15 @ San Jose State University

***Scroll down for the full calendar and links to registration.**

Magic in Teaching Wrap-Up

The CINHC's annual Magic in Teaching/Simulation Conference was held at the Crowne Plaza San Diego last month, and over 200 nursing faculty, students, hospital administrators and simulationists attended. Keynote speakers

included Nigel Chong RN, manager of national simulation operations and development at the University of Tasmania, Australia, and Suzie Kardong-Edgren PhD, RN, ANEF, editor of *Clinical Simulation in Nursing*. With over 20 breakout sessions, a pre-conference sponsored by Laerdal, over 20 exhibitors and sponsors, and over 25 poster presenters, the conference was lively, entertaining, and most of all, educational. The results of the 2011 Simulation Survey of California were revealed, as well as updates from the BRN and on the IOM.

For those of you who attended the 2011 MIT, we thank you for making the conference a great success! And to all CSA supporters, we hope to see you at next year's MIT:

Magic in Teaching/Simulation Conference 2012
October 15-16, 2012
San Francisco Bay Area (venue TBD)

Stay tuned for updates on MIT 2012!

Job Openings: West Coast University

For consideration for any of the following positions, please email your resume to hr@westcoastuniversity.edu or fax to 949.783.4818.

[Click here](#) for a full description of each position.

Associate Dean, Graduate Program in Nursing

Associate Dean, Nursing
Orange County

RN Faculty: Clinical and Classroom
Simulation Program and BSN Program
Los Angeles, Orange County & Ontario

Simulation Center IT Support
Los Angeles

Simulation Center Specialist
Los Angeles

Job Opening: Bayview Child Center

California Pacific Medical Center's (CPMC) pediatric primary care clinic is looking for a:

Triage Nurse/Nurse Manager
San Francisco, Bayview District

Please go to the [Sutter Health hiring website](#) and search for job # 1109491 SPMF-Triage RN-Bayview Primary Care-Pediatrics for more information and to apply.

Upcoming Training Courses
