Location: CSU Fullerton (Orange County)

CSU Fullerton-Kinesiology Bldg.

800 N. State College Drive

Fullerton, CA 92831

This hands-on course is designed to enable participants to craft their own “Moulage”, learn the concepts of this art, and understand how to protect the simulator from damage.

Learning Objectives:

- Discuss the value of using realistic moulage in scenario design
 - Practice creating moulage using recipes and methods provided
 - Discuss the importance of moulage in enhancing the nursing role-play experience
 - Review tips for using moulage with human patient simulators, protect and defend
 - Recognize moulage possibilities using both simple and complex materials to simulate realistic medical conditions
-

August 8 & 9 (2 day class)

Level 1 Training (class designed for novice simulation faculty)

8:00 - 4:30 each day 11.5 CEUs

Cost: CSA Subscriber: \$350 (Non Refundable after August 1)

Non Subscriber: \$400

Registration: Pre registration and payment is required (On line link)
