### **Conference Details**

Theme: Collaboration + Cooperation + Communication = Success

Purpose: Improve collaboration, cooperation, and communication among workforce centers, healthcare agencies, and policy makers for successful population health outcomes through a strong health workforce.

Objectives:

1. Identify strategies and best practices for establishing successful collaborative relationships.
2. Describe the challenges and opportunities to enhance cooperation among similar and dissimilar groups.
3. Identify communication mechanisms to engage the larger audience and optimize the use of social media.
4. Demonstrate the relationship between the health workforce and population health outcomes.

Full conference agenda, speaker information and breakout session details coming soon!
