

# Poster Abstract Submission Elements Checklist

---

Use this checklist to ensure your poster abstract submission meets common academic and conference standards. All elements should be included unless otherwise specified by the conference call for abstracts.

## ***Title of the Poster (max words 30)***

Concise, descriptive, and free of jargon. Clearly reflects the main focus of the project.

## ***Author(s) Information***

Include full names, credentials, institutional affiliations, and contact information for the corresponding author.

## ***Background / Introduction (75)***

Brief context or rationale. Explain why the topic is significant in nursing education.

## ***Purpose / Objective (50)***

Clearly state the aim, goal, or question your project addresses.

## ***Methods / Approach (100)***

Describe methodology, intervention, participants, setting, and any theoretical framework.

## ***Results / Outcomes (100)***

Summarize findings or expected outcomes. Include measurable impacts where applicable.

## ***Discussion / Implications (100)***

Discuss interpretation and relevance. Describe how the work advances nursing education or student success.

## ***Conclusion (75)***

Summarize key takeaways and next steps.

## ***Keywords (max 5)***

Include 3–5 keywords to support indexing and relevance.

## ***Funding and Conflict of Interest Disclosures***

Acknowledge any funding sources and declare conflicts of interest, if any.

## ***Word Count and Formatting***

Ensure abstract falls within the word limit and follows the required structure. 500 Words or less (Title, author info, and key words sections(s) not included in word count).

## ***References***

Must include a minimum of 2 APA scholarly cited references (max of 5) aligning with conference themes.
